

Good afternoon,

We continue to prepare in anticipation for whatever comes our way and in hopes the preparation is just a significant drill. We began the process of making a dedicated Covid-19 unit, Dr. Temme, Medical Director, toured the prospective unit and approved of the plan we have developed. The CDC has relaxed its regulations on fit testing for N95 masks, as stated last week, we have not relaxed our internal procedures and both Donna Wolin, RN/DNS and Ariel Cusson, RN/ADNS became certified in N95 fit testing and conducted a fit test for each employee. We have a variety of N95 masks which allowed us to find the best style mask for each employee.

Overall, it has been a quiet week without new information from our government agencies. We will continue to maintain communication and welcome any calls you may have.

Stay healthy and strong,

*Jeffrey Lacroix*
