

January 7, 2021

Greetings,

Family, friends, residents and staff,

We unfortunately need to share that we had a staff member exhibiting symptoms of COVID and tested positive with our rapid testing. The isolated case puts us into a response status and we will be testing each resident and employee on Friday, January 8. As a preventative measure all residents are being encouraged to stay in their rooms. All results are being reported to the Department of Public Health and following their guidance.

We conducted our routine weekly testing on Tuesday, at the time of this draft we have received all but 4 of our results back from Tuesday. The results are pending for the individual who tested positive with our rapid testing.

I will send a daily update as we advance through this process. Thank you for your support.

Thank you and Happy New Year,

*Jeffrey Lacroix*
