Families, friends, residents and staff;

On Monday we conducted another round of COVID-19 testing and all residents and staff tested negative. Our next testing date is Monday, April 25 and if all residents and staff are negative we will exit the "outbreak" status. On Thursday the final individual was able to come out of required isolation, we do not have any active cases!

We have clothing that is not labeled and unable to be delivered, if you believe you are missing an article of clothing please feel free to visit the laundry department which is located on the basement level past the kitchen. Please feel free to visit the laundry department any day of the week by 2pm. When new clothing is brought into the facility please inform staff that it needs to be labeled so it can be brought to laundry and marked appropriately.

Thank you to each individual regarding your patience and understanding of the frequent changes in PPE requirements. Changes are made based on positive cases and the community positivity rate which is constantly fluctuating. We are working on a display for each visitor and staff so everyone is aware of the positivity rate and PPE requirements, this will be posted next week.

As a reminder, visitations are allowed and we request you go directly to the resident's room to visit and please socially distance from other residents.

Do not visit if you have ANY cold or flu symptoms or experiencing any other illness.

- A mask must be worn that covers the nose and mouth while walking throughout the building
- A face shield must also be worn by visitors while walking to a resident's room
- Visitors may not associate with other residents during the visit
- Maintain social distancing from other individuals
- Do not visit if you had an encounter with a potentially positive or COVID positive individual within the last 14 days or if any new onset of illness exists.

Please do not hesitate to contact us with questions or concerns.

Kindly,

Jeffrey Lacroix NHA, MLA, FACHCA
