stvincentrehabcenter.org

We are providing this update to inform everyone a resident on second floor and an employee tested positive for COVID-19. We are working with the Department of Public Health to ensure we are following the current directives and COVID protocols. In addition to weekly testing based on the positivity rate, each individual who had an exposure to those who tested positive will be tested again this Friday and again on Tuesday.

Our goal is to protect each individual who is inside the building while also being as unrestrictive within the allowable limits. Moving forward, eye protection will continue to be available at the entry way and may be worn at the discretion of the visitor. Until a change occurs from CMS staff are still required to wear eye protection while on a resident unit or when around residents.

Please do not hesitate to contact us with questions or concerns.

Kindly,

Jeffrey Lacroix NHA, MLA, FACHCA
