Yesterday a staff member tested positive for COVID, all residents were tested today and were all negative for COVID!

As a reminder, on Monday, October 31 the DHHS mobile vaccination unit will be hosting a booster clinic for interested residents and staff; the booster will be the Pfizer Bivalent vaccine. Individuals who recently had COVID must wait two weeks before receiving their booster. We will work with the local clinic to provide interested staff and residents the booster after their two weeks.

On Monday afternoon we will be hosting our Halloween Party in the dining room for residents and staff, wear your costumes and come enjoy the fun.

Please call or email with questions or concerns.

Have a nice day,
