

May 19, 2023

We are providing an update to inform you that we have one new resident and staff COVID case:

Active Cases

- 6 active positive residents
- 5 active positive staff

Two additional residents will be coming out of isolation on Saturday as well as staff who met the out of work requirements.

Visitations are allowed but each individual must be aware we have positive cases on each unit and entering the building comes at a calculated risk to each visitor's health.

A special thank you to all our staff and their continued dedication. Due to an active COVID outbreak we were unable to have any organized group functions during Nursing Home Week but continued the best we could. We like to provide a special gift to our employees and this year they selected sweatshirts with our logo.

Please do not visit if you have ANY cold or flu symptoms or experiencing any other illness.

- **A mask must be worn that covers the nose and mouth while walking throughout the building**
- Visitors may not associate with other residents during the visit
- Maintain social distancing from other individuals
- Do not visit if you had an encounter with a potentially positive or COVID positive individual within the last 14 days or if any new onset of illness exists.

Please do not hesitate to contact us with questions or concerns.
